Additional Benefits

Additional Discount on Apple Care Plus/Apple Protect Plus	Offers on Accessories Bundle Kit	Easy Upgrade Plan with Exciting Offers
---	----------------------------------	--

Note: Please note that APP/AC+ benefits will remain valid as long as the customer does not request a replacement or upgrade. For like-for-like replacements, the service fee will be the highest rate as defined by the OEM. If the customer opts for either a replacement or upgrade, APP/AC+ coverage will be discontinued. Both replacement and upgrade options are available, but "no issue" replacements are not permitted. Replacements will only be allowed for like-for-like models. If the original product is discontinued, AppleCare benefits will apply. After repairs under AppleCare, customers with an active EUP plan will be eligible for its benefits. Customers may choose to first replace their device and then upgrade, but if the upgrade option is selected under the EUP plan first, the replacement feature will no longer be available. Please be advised that transitioning from Basic/Air models to Plus/Pro models, or any chip upgrades, is not permitted under the like-for-like replacement policy. A difference fee will apply for any changes in storage capacity (GB variant), and a change fee will apply for modifications to storage capacity or color. However, no change or difference fees will be charged if the customer opts to upgrade to the next series under the EUP plan.
